

TRENT DAVIS

Turf Consultant - NZTMS

PROFILE

My skillset has been developed with over 2 years' experience in the Sports Turf Industry. I have an in depth understanding with the construction side of sports surfaces and am training in the technical aspect to allow for an improved professional opinion.

The core objective of NZTMS is to offer independent, science-based advice that is grounded in its practical application. Our focus is to provide our clients with operationally and environmentally sustainable solutions for all matters associated with natural and synthetic turf surfaces.

EDUCATION

Primary ITO

- National Diploma in Sports Turf Management Level 3

Other

- Site Safety- Building Construction

WORK EXPERIENCE

TIC Contracting Limited - Construction Crew

October 2018 - November 2020

In the two years with the TIC team, I was able to take part in the construction process of multiple high-quality sports fields/grounds from start to finish. This includes Kori Kori park Hamilton, Mclean's Stadium Napier and Olympic Park Auckland to list a few. I helped with the training of other employees for installation of drainage, irrigation and basic machine operating. I have helped with site management and keeping health & safety books updated while obtaining a broader knowledge of different field designs and construction concepts.
